We know how important it is for individuals to have the right support so they can live the life they want to live.

We support individuals with learning disabilities, autism, mental health needs and behaviours that challenge. Individuals are supported to hold their own tenancy agreement with a registered housing association. Individuals who are interested in living here may have previously been detained within a hospital setting and are ready for a step-down placement within their local community.

"I have lived at different facilities but this is the first place I truly call home. I have not had a mental health or drug relapse since moving to my own home thanks to Cygnet and the staff team have really supported me. The staff really care for you and at the same time help you live independently. I am feeling really positive about my future now thanks to the team here."
